

Yes! I want to join the Citizens Constitutional Caucus

Understanding that the survival of the Republic is ultimately my responsibility I agree with, accept, and pledge to support the mission, purpose, and the goals of the Citizens Constitutional Caucus.

Enclosed is my check for the initiation fee, *plus* my first year membership fee. Please sign me up for the membership level checked below:

Basic: I pledge an annual membership fee of \$25.00

Advanced: I pledge an annual membership fee of \$55.00

I want my organization, _____, listed as a national affiliate.

Ultimate: I pledge an annual membership fee of \$100.00

Extreme: I pledge an annual membership fee \$250.00

All initiation and membership fees are operational fees, that is, no one receives a salary, only a percent of the fees collected. The members of the leadership team each receive a percentage of the fees received to cover expenses, with a percentage retained for corporate operational expenses. Each state chapter receives a rebate of 25% of the fees received from their state. The state coordinator then rebates 25% of this amount to the county coordinator which originated the membership. In this way, we will disperse the revenue in a manner that compensates the individual according to their input while maximizing the success of the caucus. Everyone signing on as an Extreme member receives a yearly financial report generated by a CPA.
